

# HILLSIDE CONSTRUCTION

## Thank You

All of us here at Hillside want to thank you for the opportunity to work with you in building your custom home/buying a Hillside condo/home. For your convenience we've outlined who we are and what each of us do here at Hillside.

## Travis Friesen

Is President of Hillside Construction, and works closely with his father **Henry Friesen**. Both owners have passed on their passion for quality building and design to the rest of us here at Hillside.

## Nathan Mehling

Takes care of Sales and Project Management, making him the primary contact for this project. He will be the person who sits down with you and sees this project through from start to finish.

## Terry Thiessen

Responsible for drawings and design, and manages the onsite safety program. He is the person who takes your ideas and dreams and draws them out for you to see. If you want to tour the site, he will be orientating you on our safety requirements.

## Cheree Penner

Is our in-house designer, specializing in products and interior design. She will offer professional design assistance during the selections process, ensuring your ideas will work together to create that unique look that is exactly what you were going for.

## Tylor Bueckert

Is responsible for Warranty and Deficiencies, meaning he will be around near the end of the project ensuring that the little things don't get forgotten about. He coordinates the 1 year walkthrough with you and oversees any work after you move in.

## Margaret Penner

Is Hillside's Accountant, taking care of the invoicing and bills. She coordinates with Nathan on the financial side of the company, making sure we stay organized and on time.

## Rocky Hiebert

You may not see him in the office much, as he takes care of site supervision, making sure that your home gets constructed with the quality that Hillside is known for.

## Kallie Dyck

Is our friendly Receptionist, taking care of a wide variety of in-house processes. If it is not Nathan contacting you, it will likely be her. Should you have any questions feel free to contact her.
